

# OUTPUT

This screenshot shows the form interface for the 'Flight Price Prediction' application. The page has the same background image and navigation buttons as the previous screenshot. The title 'Flight Price Prediction' is centered at the top. Below the title, there is a form with the following fields:

- airline: Air Asia (dropdown menu)
- source: Bangalore (dropdown menu)
- destination: Bangalore (dropdown menu)
- depdate: Date (text input)
- depmonth: Month (text input)
- depyear: Year (text input)
- deptimehour: Dep\_Time\_Hour (text input)
- deptimemins: Dep\_Time\_Mins (text input)
- artime: Arrival\_Date (text input)
- artimehour: (text input)
